to be considered for the MCREA Lineworker Scholarship*

***Application deadline - February 25, 2022***

*This institution is an equal opportunity provider and employer*

# APPLICATION PACKET

## Morgan County REA Electrical Lineworker Scholarship

**Do you want an exciting career? Would you like a great salary and benefits? Then electrical line work may be for you. Lineworkers are the backbone of the electric utility industry.**

### **What does an electrical lineworker do?**

An electrical lineworker performs many different tasks in a variety of situations. For instance, lineworkers may be climbing poles or operating aerial lift devices to work on overhead lines 25 to 200 feet above the ground, while the very next day they may be a hundred miles away erecting a substation, or digging trenches to string underground electric cable.

Lineworkers work outside in all kinds of weather and sometimes risk their lives to keep our communities running. Occasionally, severe weather or accidents can knock out power to a community and lineworkers may be needed at any hour of the day or night to restore the power.

### **What kind of wages does an electric lineworker earn?**

Lineworkers earn excellent wages. After graduation from an accredited training program, an apprentice lineworker can generally earn a starting wage of more than \$25 per hour plus overtime. After four years, a journeyman lineworker can generally earn around \$40 per hour, plus overtime.

A typical lineworker benefit plan can include medical insurance, a pension plan, life insurance, and a retirement savings plan.

### **What career opportunities exist for electric lineworkers?**

Morgan County REA is committed to encouraging men and women to consider career opportunities in the electric utility industry, especially in cooperatives. Careers with an electric cooperative make it possible for people to live, work and raise their families in rural America communities.

Electric lines and facilities are maintained, replaced and expanded at an ever-increasing rate. This development creates a strong need for highly trained, qualified workers. Many experienced lineworkers are reaching retirement age, creating a need for new apprentices who can look forward to a challenging and rewarding career with excellent advancement opportunities.

Lineworker training programs fill up quickly. It's never too early to begin the application process. The Morgan County REA Lineworker Scholarship is designed to help qualified individuals become trained apprentice lineworkers. The application and information are attached.

# Electrical Lineworker Duties and Responsibilities

The MCREA Lineworker Scholarship program is intended to send individuals to an accredited lineworker training program to learn basics of linework, some of which are listed below, and for the individual to become an apprentice lineworker. An apprentice lineworker must have 8000 hours (4 years) of actual supervised work experience and pass a series of exams during the apprenticeship before becoming a journeyman lineworker. Some hours from training programs may be credited to an individual's apprenticeship.

## ***A Lineworker:***

- ◆ Installs, maintains, and repairs electrical distribution and transmission systems, including assembling and erecting substations, placing poles and towers, stringing wire and cable, installing insulators, transformers and other equipment, as well as maintaining all of these facilities and equipment.
- ◆ Inspects and tests overhead and underground power lines and cables using specialized electrical testing equipment, and can troubleshoot these systems.
- ◆ Climbs poles or operates aerial lifts when working aloft on poles and towers.
- ◆ Splices, repairs and installs conductors and wiring.
- ◆ Learns and applies safe practices and procedures, and understands and follows all safety requirements and regulations.
- ◆ Communicates effectively with other workers to coordinate work assignments; this includes effectively communicating technical information.
- ◆ May work in confined spaces such as trenches and tunnels to install and maintain power lines and cables.
- ◆ Must be able to work as part of a team.

*Linework is a challenging and rewarding career. It is always interesting and often physically demanding. At the end of the day, lineworkers can take pride in a job well done. Duties can vary from day to day and so can the location, but the camaraderie among lineworkers is constant.*

# MCREA Electrical Lineworker Scholarship Guidelines

**Objective:** To encourage, promote and educate electric lineworkers for enduring and rewarding careers

**Availability:** Morgan County REA Lineworker Scholarship(s) will be awarded to applicants selected by the Lineworker Scholarship Committee. ***Applicant must reside within the boundaries of MCREA's service area in order to be considered.***

- Scholarships are in the amount of \$5,000 each
- Scholarship applicants may be any person interested in a career in electric line work that will or has completed high school or its equivalent prior to attending power line school. ***There are no age limits or requirements to apply.***

**Selection Process:** Morgan County REA Lineworker Scholarship Committee will review all completed applications which are submitted by the due date of February 25, 2022. ***Applicants must meet scholarship requirements in order to be considered. In addition to the application, candidates will be required to participate in an interview process.*** Applicants will be scored on the following criteria: experience, job knowledge, education, motivation, expression, appearance and overall impression.

Applications must include the following:

1. Completed Electrical Lineworker Scholarship Application
2. Education and Work Experience Data Sheet
3. High School and/or College Transcripts

Application materials must be delivered to the MCREA office (734 Barlow Road, Fort Morgan) or postmarked to the following address by February 25, 2022:

MCREA Lineworker Scholarship Committee  
P.O. Box 738  
Fort Morgan, CO 80701-0738

**Payment:** The scholarship payment will be made directly to the school of choice upon the student's enrollment in one of the approved lineworker training programs. The scholarship will be divided equally over each semester of the program. Verification of enrollment and GPA must be sent to MCREA Lineworker Scholarship Committee upon completion of each semester in order for subsequent scholarship fund payments to be made.

No further scholarship money will be awarded in the event the student fails to complete the program or fails to maintain a 3.0 GPA.

**Post-School Employment:** Scholarship recipients are in no way guaranteed or required to be employed at Morgan County REA upon completion of training.

# Morgan County REA Electrical Lineworker Scholarship Application

**APPLICATION MUST BE RECEIVED OR POSTMARKED BEFORE FEBRUARY 25, 2022**

APPLICANT WILL BE REQUIRED TO PARTICIPATE IN AN INTERVIEW PRIOR TO SELECTION FOR SCHOLARSHIP

In addition to the information below, the applicant may also provide a resume detailing experience, employment experience and duties, specialized skills, and references. The applicant must also provide a transcript of grades from any educational institution attended within the past three (3) years.
