

IRRIGATION

Rate Code 130

Facilities Charge (April-Sept)	\$ 100.00
Demand Charge per kW (Jan-Dec)	\$ 16.00
Energy Charge per kWh	\$.0700
Annual Minimum	\$ 600.00
Demand Cap* (total demand cost/kWh)	\$ 0.30

**The Demand cap sets a ceiling on monthly billing not to exceed an average cost of \$0.30 per kWh when the monthly demand cost is divided by monthly usage (kWh). The demand cap limits the monthly demand charge where an unusually large demand (kW) is set relative to small monthly kWh used.*
